Deferred.

At a meeting of the Board of Public Works Saturday morning, several estimates from the City Engineer were approved.

It was supposed that the bids on the pumphouse and the outlet line for the sewerage pumping station would be opened at this meeting, but as the estimates of the work now being prepared by the City Engineer have not been completed, the matter was deferred for two weeks.

As there was some change in the plans of the machinery it was necessary for the original estimate made on the cost of the pumphouse to be changed also. This estimate will be ready for the Board at the next meeting and the contracts will be let.

The work on the intercepting sewer will be completed by December 15, and the contractors believe that the whole station will be finished by the first of next March.

NEW YORK, Nov. 2.—There be women ushers in the Manhattan opera-house this season. Last winter was considerable trouble with of the men who were employed in capacity and many changes had made in the corps of seat placers the season was over.

Mr. Hammerstein and his wife have studied out the cause and of last year's petty troubles and have decided that if women who are employed in many of the opera-houses in Europe, as a matter the plan should work in the Manhattan, and will be tried.

Twelve young women, most of whom have been teachers in the public schools, have been engaged, and by Monday night, they will be doing the seating arrangements of the Manhattan. The women will be uniformed and easily recognized even in the aisle.

Try the Vienna Walnut Bread, your grocer for it. Fresh every day.

## Danderine

GREW MISS LEWIS' HAIR

AND WE CAN

## PROVE IT

The Great Danderine Never Fails to Produce the Desired Results.

MISS Lewis' hair was very thin and it was less than two inches length when she began using Danderine. She says her hair is now fairly teeming with new life and vigor. That's the main secret of this great remedy's success as a hair-grower. It enlivens, invigorates and fairly electrifies the hair and tissues of the scalp, causing unusual and unheard-of activity and continuous growth of the hair.

The following is a reproduction of Miss Lewis' last letter.

January 3, 1908.  
Dear Doctor Knowlton:—  
You know I told you in my first letter that my hair would not reach much below my shoulders, and that all of it together only made one tiny braid. I am sending you my photograph, which I had taken at Stevens Bros. It tells the whole story better than I can tell it. Everybody I know is using Danderine, so you see I am doing something to show my appreciation.  
Sincerely Yours,  
(Miss) EVA LEWIS.

Danderine makes the scalp healthy and fertile, keeps it so. It is the greatest scalp fertilizer, therefore the greatest hair-producing remedy the world has ever known. It is a natural food and a wonderful medicine for both the hair and scalp. Even a single application of it will put more genuine life in your hair than the part of any other hair tonic ever made. It gives results from the very start.

NOW at all druggists in three sizes, 25 cents, 50 cents and \$1 per bottle.

FREE To show how quickly Danderine will send a large sample free by mail to any one who sends this advertisement to the Knowlton Danderine Co., Chicago, with name and address and 10 cents in silver or stamps in postage.
